

SEAWIND 1190 *Sport*

SEAWIND
CATAMARANS

Revolutionary "OPEN" cockpit

THE production catamaran for PERFORMANCE sailors

The Seawind 1190 Sport offers all the advantages of a modern sports catamaran without losing the ability to also perform as a long distance cruiser. Optimized in collaboration between two of the industry's leading multihull designers, the 1190 Sport has been developed for sailors looking for performance without compromise on comfort or range.

Comfortable "OPEN" living

Large cabins with Queen sized bunks

ENHANCED design features provide a PREMIUM sailing experience

Daggerboards and Rudders: Improved pointing to windward (5-7 degrees), reduced drag and light, responsive steering.

Big Rig: Tall double spreader rig allows for a higher aspect mainsail and jib.

Carbon Reinforcement: Extensive use of carbon fiber in high load structural areas, increasing stiffness and reducing unwanted weight.

Synthetic Rigging & Safety Lines: Using racing technology with Dynux synthetic rigging, weight has been taken out of the rig up high.

Outboard Engines: Reduced weight and drag, twin 20hp Honda Outboards are standard on the Sport which also has the added benefit of reduced maintenance and associated costs.

SPECIFICATIONS

• Overall Length	39ft / 11.9m
• Waterline Length	37ft / 11.3m
• Beam	21'4" / 6.5 m
• Draft	1'9" – 6'9" / 0.6 -2.1 m
• Displacement	15,400lbs / 6,000 kgs
• Underwing Clearance	2'4" / 0.73m
• Steering Twin Helms	Cable Steering
• Power Tilt Outboards	2 x 20hp Honda
• Fuel	71 US gallons / 270 litres
• Fresh Water	185 US gallons / 700 litres
• Holding Tanks	34 US gallons / 130 litres
• Main Sail	59.7 m ²
• Jib	23.52 m ²
• Spinnaker	103.57 m ²
