

Longreach 1200 – Yamaha 600Hp Petrol - “Long Range at Speeds to Delight!”

Due to the unique attributes this planing Powercat hull design with optional foils, it is possible to have both speed and range, something unheard of in monohull designs of a similar footprint. Improving on 20+ years in this unique space of power catamaran yacht-building, Australian master builder James Dewing of Powerplay Yachts has collaborated with the experienced Catamaran focused team at Multihull Central in Australia to produce the Longreach family of Hi-Performance-Long Range Power Catamarans, proving you can have the best of both worlds. Range and Performance!

These low drag, soft riding slender hulls, have docking keels for safe grounding and protection of the running gear. The Longreach family are constructed using [AIREX® C70](#) closed cell, cross-linked polymer foam & [SWANCOR 901 Bisphenol A](#) type epoxy vinyl ester resin. This combination provides excellent fatigue resistance against high heat distortion while delivering superior stiffness and strength to weight ratios, increased toughness and all backed by a 5 year construction warranty. Longreach yachts are vacuum bagged and resin infused.

Reliable and proven Yamaha propulsion economically delivers long range in comfort and security. Large open cockpit with liveable salon with chef’s galley, elegant, sumptuous furnishings, a King size bed in the master cabin with owner’s private ensuite. Standard is Mastervolt & Czone power storage & management systems. Fully integrated reverse cycle aircon throughout. Large & roomy guest cabin also with private ensuite. Panoramic flybridge with spacious liveable areas and direct access to the foredeck. Aft cockpit featuring transom walkway, integrated bench seating, dining table and sea toy stowage above. Enjoy long range, low impact, economical, safe and secure passage making in comfort and at speeds to delight!

"Reach further and stay longer!"
